PO Box 6, County Hall
Chelmsford
Essex CM1 1LB

Date: 1 December 2009

Dear Residents,

Proposed New School Building

You may be aware that The Deanes School has been fortunate in securing a place in the Government's Building Schools for the Future (BSF) programme.

The Deanes has been working with Essex County Council on a scheme, to be funded from the BSF programme, which proposes to rebuild the school in a new building on the existing site which will also house Glenwood School. Both schools will continue to operate as different establishments in the new building.

Considerable thought and planning has gone into the location of the proposed new building to ensure there is minimal disruption to teaching and learning for Deanes' students while building work is taking place and to ensure there is no significant incursion into the green spaces on the site.

I am writing to invite you to a public exhibition to be held at The Deanes School on **TUESDAY 15TH DECEMBER 2009 BETWEEN 3 P.M. AND 8 P.M.** Plans of the outline proposals will be on display for you to see during this period and you will be able to submit written comments should you wish to do so. A handout, giving further details, will be available for you to take away. Representatives of the County Council, Governors and staff will be present to answer any questions you may have.

The proposals are currently at a pre-planning application stage but will enable you to see the proposed location of the new building.

Yours sincerely

Gordon Powell
BSF Project Director
